

IfI IT Infrastructure Documentation

Here you find information about the **IfI IT infrastructure** and how to use it. Furthermore, we document a few helpful things on using the **UZH IT infrastructure**. If you do not have an IfI account, this site will not be a great help to you. Please contact your supervisor. If you are not working at the IfI, this site is not for you.

New IfI members need to start here: [Welcome@IfI](#).

Please note that to access most of the content here, you need to [LOGIN](#) (using your IfI account credentials).

If you have problems logging in, send an e-mail support@ifi.uzh.ch.

NOTE: this page is under construction. If you do not find what you are looking for, try the [old intranet pages](#).
